

## Developmental Linear High Ropes with Climbing & Abseil Wall £ 32 - 34k + Vat

### Features:

- Conforms to prEN 15567-1 safety requirements and test methods<sup>2</sup>
- Steel beams that negate the use of wire guys and belays, reducing the area required to build and secure the course and eliminating the need for daily inspections that are required with wire cables.
- 25 year warranty on all workmanship
- Safety signage
- Retractable or removable lower components to prevent unauthorized access
- Stainless steel belay friction points
- Zinc plated beam trolleys
- Tracer Lines
- Internal Access to the top platform via three levels using ladders
- Tested ground belay anchors
- Pressure Treated Timbers with 'half lap' to prevent 'finger trapping'
- Pronged T- Nut every 300mm square to allow routes to be altered
- Risk Assessments and Operating Procedures

### Elements:

- Double Leap of faith - Two Person
- High All Aboard / Peg Pole climb option - Four Person
- Jacobs Ladder (removable bottom rungs for security) - Four Person
- Crate Challenge (includes 100 crates) - Four Person
